NIGHTHAWK™ LED MINIATURES

A big expansion on small lights.

It's an exponential expansion of the lights that may be overlooked but which drivers don't want to be without.

Tungsräm has expanded their line of miniatures to 21 lights, providing more fits for more vehicles. From dome, door and dashboard lights to tail lights and more, this expansion makes a total vehicle upgrade to LED easier than ever.

Lasting
performance

PERFORMANCE AND QUALITY INSIDE AND OUT.

Performance and quality inside and out.

Tungsrām miniature lighting products are crafted for precision, performance, style and long life, so drivers can focus on the road ahead with the confidence they're also being seen by others. The added choices provide added value for every socket.
